## Roofing & Siding Panels...

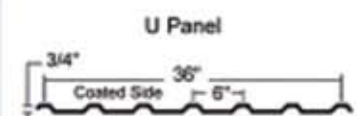

### R & PBR Panel

The thru-fastened R-Panel is our most popular and offers excellent roofing and siding options.

- 26 GA / 24 GA Standard in 15 color options & bare
- 29 GA / 22 GA Option in limited color selection
- Galvalume® finishes - 20 YR warranty
- SP or Kynar paint finish - 30 or 40 YR warranty

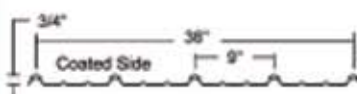

### U Panel

The thru-fastened U-Panel is a superior light duty roofing and siding panel and is ideal for interior partitions.

- 26 GA / 24 GA Standard in 15 color options & bare
- 29 GA / 22 GA Option in limited color selection
- Galvalume® finishes - 20 YR warranty
- SP or Kynar paint finish - 30 or 40 YR warranty

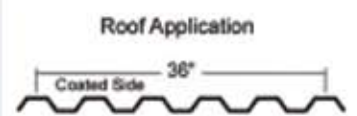

### MAX RIB

The thru-fastened MAX Panel is a perfect roofing and siding option.

- 26 GA Standard in 15 color options & bare
- 29 GA Option in limited color selection
- Galvalume® finishes - 20 YR warranty
- SP or Kynar paint finish - 30 or 40 YR warranty

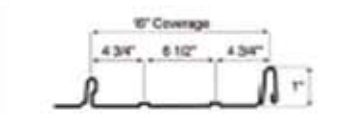

### MEGA RIB

The thru-fastened MEGA Panel is ideal for commercial and industrial roofing and siding projects. Trapezoidal ribs create attractive shadow effects.

- 24 GA Standard in 15 color options & bare
- 26 GA Option in limited color selection
- Galvalume® finishes - 20 YR warranty
- SP or Kynar paint finish - 30 or 40 YR warranty

### MERIDIAN

The Meridian panel is a standing seam roofing profile designed with a continuous concealed fastener panel lap.

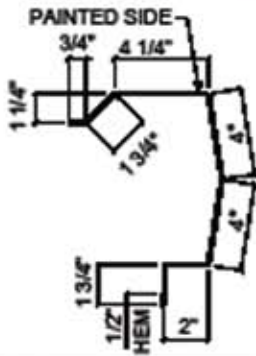

- 26 GA / 24 GA Standard in 15 color options & bare
  - 3:12 Minimum roof pitch
  - Galvalume® finishes - 20 YR warranty
  - SP or Kynar paint finish - 30 or 40 YR warranty
- TESTING: UL2218 Class 4 Impact Resist

Light transmitting panels (skylights) are available in the Multi-Rib & R-Panel profiles. In-stock inventory, lengths and color options may vary by location. Please inquire with your local Metal Direct to ensure product availability.
